

Rishav Mishra

CAREER OBJECTIVE

I am a Fresher developer with experience in React.js, HTML, CSS, JavaScript, and Java. I have worked on projects like Text Modifier based on React.js, Note-Taker app based on javascript, Food delivery app based on MERN stack. I am passionate about creating innovative solutions and contributing to the growth of the tech industry.

EDUCATION

- Bachelor of Technology (IT), 74% RKGIT Ghaziabad
- Senior Secondary, 63% St. Xavier's School, Ballia
- Higher Secondary, 8.4cgpa St. Xavier's School, Ballia

PROJECTS

- **Food Delivery App (currently working)**
This project is based on MERN technology in which I used React for frontend, Nodejs and Expressjs for backend and MongoDB for database.
- **Note-Taker App**
This web has been designed in javascript contains CRUD operations on note.
- **Text Modifier App**
This is a React based project. In this project we can modify text with a single click.
- **Server-Client Messenger**
This is a java based project in which we can make a conversation between server and client with the help of sockets.
- **Encryption Decryption**
This is a java based project in which we can encrypt a file with a key and later use that key to decrypt that file.

CERTIFICATIONS

- NPTEL Programming in Java
- MERN Stack Training at Brainmentors Pvt Ltd
- Coursera Programming with JavaScript, HTML and CSS
- Coursera Java Programming Solving problems with SW
